

Raw Cashew Grading Machine

The Automatic Raw Cashew Grading Machine efficiently sorts and categorizes raw cashew nuts based on size & shape. It separates premium-grade nuts from smaller or imperfect ones, ensuring consistency and high standards in the processing line.

Product Name	Raw Cashew Grading Machine
Capacity	200-300kg/hr • 500-600 kg/hr • 900-1000 kg/hr
Body Material	Stainless steel / M.S.
Accuracy	
Motor Hp & Voltage	

Grade Size	Ø17, Ø18, Ø20, Ø22, Ø24, > Ø24mm
